Vista Global Business Services Inc

130 King St W, Toronto

Dear Project Coordinator,

I am writing to express my strong interest in the Mobile Application Developmen role. After discovering this role through the Sheridan Works Job Board and thoroughly exploring the website, I am impressed by your notable work in delivering innovative solutions in the cyber and IT industry, focusing on the latest innovations in the market alongside the existing technology.

Currently pursuing a Advanced Diploma in Software Development and Networking at Sheridan College, with an expected graduation date in 2025, I am enthusiastic about the opportunity at Vista Global Business Services to engage in challenging work and further develop my skills during this co-op. I am seeking to gain valuable experience that will contribute to my professional growth, and I look forward to the chance to learn and contribute effectively to your team.

Here's how my qualifications align with your requirements:

- Utilize source control software (GIT) for version management. - Showcase coding expertise beyond typical academic projects.	- As a student with a solid foundation in coding, I've ventured beyond academic projects to gain practical experience using tools like Git and GitHub. - My eagerness to learn is matched by my ability to apply these skills in real-world scenarios, showcasing a hands-on approach to address the complexities of modern development challenges. I am excited to further enhance my capabilities and contribute effectively to coding projects with a practical and adaptable mindset.
- Strong design and coding skills (Swift/Java/Objective-C/JavaScript) - Write, execute, troubleshoot, and optimize SQL queries.	- Armed with expertise in Java and JavaScript, I am enthusiastic about expanding my skill set to include Swift for iOS app development. My solid foundation in coding and testing, coupled with a commitment to continuous learning, positions me as a valuable asset for this role. - Additionally, my expertise extends to adeptly managing both relational and non-relational databases, including MongoDB, ensuring seamless and optimized data operation.
- Strong curiosity to explore and understand mobile technologies thoroughly. - Excellent interpersonal, written, and verbal communication skills	- My strong curiosity to explore and comprehend web technologies aligns seamlessly with my demonstrated can-do attitude and resourcefulness. - Having worked in a fast-paced environment as a barista, I thrive on initiative, creativity, and a passion for purposeful, result-oriented research. - Alongside my excellent interpersonal, written, and verbal communication skills, I bring a keen dedication to maintaining a high standard of quality in all tasks and a genuine enjoyment for engaging with people, both in written and personal interactions.

Below is my resume which provides overview of my skills and experience, please contact me on LinkedIn or by email.

Looking forward to hearing from you,

Manh Phu Giang.
